MDCPS will allow all eligible Proposers to submit late modifications, similar in scope, if MDCPS/MDHS chooses to exercise this right with regard to any one Proposer's proposal.
- vi. Negotiate as to any aspect of the proposal with any Proposer and negotiate with more than one Proposer at the same time.

The Bond shall be secured from a company authorized to transact business in the State of Mississippi. The Bond shall be made payable to MDCPS/MDHS.

The Bond shall become effective upon written notification that a subgrant has been awarded to the Subgrantee. The Bond shall remain in full force and effect for the duration of the subgrant. Any action by the Subgrantee and/or the bonding company to revoke and/or cancel the Bond prior to the expiration

If an association may exist, the Proposer will also be required to submit with the proposal written authorization from the parent, affiliate or subsidiary organization granting the right to MDHS to examine directly, pertinent books, documents, papers, and records involving such transactions that are related to the resulting subgrant.

If, at any time after a proposal is submitted and a subgrant has been awarded, such an association arises, as described in the paragraph above, the Proposer will be required to obtain a similar certification and authorization from the parent, affiliate, or subsidiary organization within ten (10) working days after forming the relationship. Failure to submit such certification and authorization will constitute grounds for termination of the subgrant at the option of the State.

D. Conflict of Interest

Proposer shall disclose any contractual relationship or other contract with any State personnel, contractor or subcontractor involved in the development of the RFP. Any real or potential conflicts of interest may, at the sole discretion of MDHS, be grounds for rejection of the Proposer's proposal or termination of any contract awarded. All proposals shall include the following:

F. CERTIFICATIONS OF COMPLIANCE AND ASSURANCES. The Proposer shall sign and date five (5) Certifications and Assurances documents attached hereto.

G. The following required statements shall be included in the proposal:

- i. A statement of acceptance of all terms and conditions stated within the RFP or a detailed statement of exception for each item excepted by the Proposer.

- vi. A statement that the Proposer certifies that, in connection with this procurement, the prices proposed have been arrived at independently, without consultation, communication, or agreement, for the purpose of restriction of competition, as to any other party or with any competitor; and that unless otherwise required by law, the prices quoted have not knowingly been disclosed by the Proposer prior to award, either directly or indirectly, to any other proposer/contractor or competitor.
- vii. A statement that costs quoted in the proposal will remain in effect through the term of the contract.
- viii. A statement from all Proposers that they will not discriminate in their employment practices with regard to race, color, religious beliefs/practices, creed, age, national origin, sex, or mental or physical disability. If the Proposer is a religious organization, the prohibition as to religious discrimination shall be deleted from the Proposer's discrimination statement/certification.
- ix. A statement from each subcontractor, signed by an individual authorized to legally bind the subcontractor, stating the general scope of the work to be performed by the subcontractor, the subcontractor's willingness to perform the work indicated, and that the subcontractor does not discriminate in its employment practices with regard to race, color, religious beliefs/practices, creed, age, national origin, sex, or mental or physical disability. If the subcontractor is a religious organization, the prohibition as to religious discrimination shall be deleted from the subcontractor's discrimination statement/certification.
- x. A statement of assurance that federal funds will not be expended for sectarian instruction, worship, prayer or proselytization purposes.
- xi. A statement that services will be provided to all eligible persons, regardless of a potential participant's race, color, religious beliefs/practices, creed, age, national origin, sex, or mental or physical disability. The Proposer and subcontractor cannot, on the basis of race, color, religious beliefs/practices, creed, age, national origin, sex, or mental or physical disability, treat one person differently from another in determining eligibility, benefits or services provided, or applicable rules.

provided for another funding source/grant will not be charged to this grant. Individuals receiving CFCIP services under another funding source/grant will not be included in the count for the number of participants served in this grant.

- xvii. Certification that each person signing this proposal is the person in the Proposer's organization responsible for, or authorized to make, decisions regarding prices quoted and that no person has participated and will not participate in any action contrary to those requirements stated above.
- xviii. A statement certifying all records of the Proposer, which may subsequently be subject to audit and evaluation by MDHS, will be located in the State of Mississippi.

BUDGET AND BUDGET NARRATIVE (MAXIMUM 30 POINTS)

Applicant shall be willing to negotiate a lower Indirect Cost Rate (ICR), and fringe benefit rate. Administrative costs shall include a portion of the administrator's salary, fringe, travel, equipment costs, etc.. To assist in creating the budget narrative, a sample budget may be reviewed in the MDHS Subgrantee Manual online at: http://www.mdhs.state.ms.us/pdfs/dpimanual/dpi_submanual.pdf.

SUBCONTRACTOR BUDGET (IF APPLICABLE) (NO POINTS)

A budget and budget narrative shall be attached for any subcontractor services involved in the operation of the program(s).

TOTAL POINTS POSSIBLE: 100

(75 POINTS OR ABOVE IS CONSIDERED A PASSING SCORE IN PHASE II.)

OVERVIEW OF EVALUATION METHODOLOGY

1. At any time during the evaluation, MDCPS may request a Proposer to provide explicit written clarification of any part of the Proposer's proposal.
2. At its discretion, MDCPS may perform an appropriate cost and pricing analysis of a Proposer's proposal.
3. If a subgrant is awarded, the award will be made to that financially responsible and technically responsive Proposer whose proposal conforms to the conditions and requirements of this RFP, and which is most advantageous to MDCPS with price and other factors considered. MDCPS will notify the successful Proposer in writing of the award of the subgrant. MDCPS will notify the unsuccessful Proposers in writing that their proposals have not been accepted.
4. The evaluation will be conducted in three phases:
 - a. Phase I In House Review Process
 - b. Phase II Evaluation and Rating of Proposals
 - c. Phase III Selection of the Successful Proposer(s)

PROPOSAL REVIEW COMMITTEE

1. A committee will be selected to evaluate and rate proposals. Members of the Evaluation committee will be from pertinent MDHS programmatic and administrative personnel.
2. Other professional staff and consultants may also assist in the evaluation process.
3. MDCPS reserves the right to alter the composition of the Evaluation Committee and their specific responsibilities.

PROPOSAL REVIEW PHASES

A. Phase I - In-House Reviews

1. A responsive proposal shall comply with the instructions listed in this RFP and follow the format defined in **Section III**. This phase will entail the review and confirmation of the mandatory technical, format, and content requirements contained in **Section III** (Proposal Format) and **Section II**. At the deadline to submit the proposal, MDCPS/MDHS staff will review proposals for eligibility of review. In order to be eligible for review, **ALL** of the following elements shall be present/included with the proposal submission:

- Proposal submitted
- Received by published deadline
- Proposal clearly indexed and divided by sections
- Proposal is signed by authorized representative
- Proposal includes Cover Sheet
- Proposal includes Transmittal Letter
- Taxpayer identification number and certification (W-9)

MDCPS/MDHS reserves the right to reject any and all proposals. If all requirements are satisfied, the proposal is eligible for Phase II of the review process. Proposals are assigned a unique proposal number. If a proposal is **not** eligible for Phase II of the review process, the applying agency will be notified in writing (may include electronic mail).

B. Phase II - Evaluation and Rating of Proposals

- a. Only those proposals found to be responsive under Phase I will be considered in Phase II. During the course of the Phase II evaluation, MDCPS may request oral presentations by Proposers and an interview with the proposed key/lead personnel. Reference checks may also be made. However, MDCPS reserves the right to make an award without further clarification of the proposals received. Therefore, it is important that each proposal be submitted in the most complete manner possible.
- b. To solicit proposal reviewers for the Phase II of the review process, MDCPS/MDHS will publish an Invitation to Review to potential proposal reviewers. Proposal reviewers may consist of professionals from a variety of settings and employees of MDHS. ***Note: No employee of the MDCPS will participate in the Phase II review process.*** Reviewers are volunteers and are never paid, or in any way compensated for their time or expertise.

- c. Reviewers shall sign a Confidentiality Agreement stating that all proposal information and the review process are confidential and may not be discussed. Once Confidentiality Agreements have been signed and returned, reviewers are presented with a list of names of applying agencies. Reviewers shall recuse themselves from reviewing any proposal from an agency which represents a conflict of interest. Once Recusal Forms have been completed, the remaining Reviewers are assigned a unique Reviewer Number. Reviewers are assigned proposals.

C. Phase III - Selection of the Successful Proposer(s)

- a. Only the proposals found to be responsive under Phases I and II will be considered in Phase III.
- b. Reviewer scores are reviewed by MDCPS/MDHS to ensure accurate reporting of scores only. A score of 75 is the minimum score allowed to be considered for award. MDCPS/MDHS will contact the proposal with the highest score to enter into contract negotiations. If negotiations are successful, a contract will be offered to the applying agency. All other proposals will be notified in writing (may include electronic mail) of the award status of their proposal.
- c. Based upon the Evaluation Committees' scores, recommendations will be made by the MDCPS Director and the Deputy Administrator for Programs with the final decision being made by the MDCPS Commissioner.

If at any time, MDCPS discovers any action or event that represents a conflict of interest during the course of the review process, new reviewers will be assigned to any and all proposals impacted.

MDCPS may submit a list of detailed comments, questions, and concerns to one or more Proposers for response. MDCPS may require said response to be written, oral, or both. MDCPS will only use written responses for evaluation purposes. The total score for those Proposers selected to respond may be revised as a result of the responses. Subsequent to this, MDCPS will select and notify the successful Proposer.

First consideration will be given to the Proposer(s) with the highest total points. Proposer(s) with the next highest number of points may be selected for consideration until all funding for this opportunity has been expended. MDCPS may also cancel this RFP or reject proposals at any time prior to award of a subgrant. MDCPS is not required to furnish a statement of the reason(s) why a proposal was not accepted.

The final award decision will be made by the Commissioner of MDCPS. The Commissioner may accept or reject the recommendation of the Evaluation Committee.

At MDCPS/MDHS' discretion, the evaluation may also include communication with any and all prior and current clients and/or programs/project of the proposer/subgrantee and verification of the subgrantee's qualification to perform the services described in its proposals. If MDCPS/MDHS determines that any of the information provided cannot be verified or if information obtained during the course of the verification process or from prior/current clients and/or programs/projects negates the responsiveness of the proposer's proposal, MDCPS/MDHS reserves the right to adjust scores appropriate and/or to disqualify that proposal.

Upon notification to *Subgrantee's Name* by MDHS at least 90 days prior to each Subgrant anniversary date, the Subgrant may be renewed by MDHS for a period of **4 or less** successive one-year period(s) under the same prices, terms, and conditions as in the original Subgrant. The total number of renewal years permitted shall not exceed **4 or less**. However, if MDHS does not intend to renew the Subgrant, the *Subgrantee's Name* shall be notified at least [90] days prior to the Subgrant anniversary date.

SECTION IV SUBGRANT AMOUNT AND PAYMENT

C. CONSIDERATION AND METHOD OF PAYMENT

Payment method is either by **Cost Reimbursement or Cash Advance** as referenced on the Subgrant/Contract Signature Sheet, Item 6. Eligible expenses are outlined in the Budget Summary and Cost Summary Support Sheet(s), attached hereto and made a part hereof. For any request for funds to be processed, MDHS must receive required monthly program and fiscal reports as outlined in Section XIX of this Agreement. Any increase, decrease or change in the funding under this Agreement that is authorized by the parties, in compliance with applicable laws and policies, shall require a modification of the amounts listed in the Budget Summary and Cost Summary Support Sheets pursuant to Section XXIII of this Agreement.

SECTION V AVAILABILITY OF FUNDS

It is expressly understood and agreed that the obligation of MDHS to proceed under this Agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and/or the receipt of federal and state funds. In the event that the funds anticipated for the fulfillment of this Agreement are, at any time, not forthcoming or are insufficient, either through the failure of the federal government to provide funds, or of the State of Mississippi to appropriate funds, or through the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to MDHS for the performance of this Agreement, MDHS shall have the right to immediately terminate this Agreement, without damage, penalty, cost or expense to MDHS of any kind whatsoever. The ultimate decision as to whether or not funds continue to be available for the performance of this Agreement lies solely with MDHS.

SECTION VI

RELATIONSHIP OF THE PARTIES

- A.** It is expressly understood and agreed that MDHS enters into this Subgrant with Subgrantee on a purchase of service basis and not on an employer-employee relationship basis. Nothing contained herein shall be deemed or construed by MDHS, the Subgrantee, or any third party as creating the relationship of principal and agent, partners, joint venturers, or any similar such relationship between MDHS and the Subgrantee. Neither the method of computation of fees or other charges, nor any other provision contained herein, nor any acts of MDHS or the Subgrantee hereunder, creates or shall be deemed to create a relationship other than the independent relationship of MDHS and the Subgrantee.
- B.** Subgrantee represents that it has, or will secure, at its own expense, applicable personnel who shall be qualified to perform the duty required to be performed under this Subgrant.
- C.** Any person assigned by Subgrantee to perform the services hereunder shall be the employee of Subgrantee, who shall have the sole right to hire and discharge its employee. MDHS may, however, direct Subgrantee to replace any of its employees under this Subgrant. If Subgrantee is notified within the first eight (8) hours of assignment that the _____ person is unsatisfactory, Subgrantee will not charge MDHS for those hours. The Subgrantee will replace the employee within 5 days after receipt of notice from MDHS.
- D.** It is further understood that the consideration expressed herein constitutes full and complete compensation for all services and performances hereunder, and that any sum due and payable to Subgrantee shall be paid as a gross sum with no withholdings or deductions being made by MDHS for any purpose from said Subgrant sum.
- E.** Subgrantee shall pay when due all salaries and wages of its employees, and it accepts exclusive responsibility for the payment of Federal Income Tax, State Income Tax, Social Security, Unemployment Compensation and any other withholdings that may be required.

SECTION VII

TERMINATION OR SUSPENSION

A. TERMINATION FOR CAUSE

If, through any cause, Subgrantee fails to fulfill in a timely and proper manner, as determined by MDHS, its obligations under this Subgrant, or if Subgrantee violates any of the covenants, agreements, or stipulations of this Subgrant, MDHS shall thereupon have the right to terminate the Subgrant by giving written notice to Subgrantee of such termination and specifying the effective date thereof at least five (5) days before the effective date of such termination.

B. TERMINATION FOR CONVENIENCE

This Agreement may be terminated for convenience, in whole or in part, as follows:

1. By MDHS with the consent of the Subgrantee, in which case the two parties shall agree upon the termination conditions, including the effective date, and in the case of partial termination, the portion to be terminated; or

2. By the Subgrantee upon written notification to MDHS, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, MDHS determines that the remaining portion of this subgrant will not accomplish the purposes for which the subgrant was made, MDHS may, without the Subgrantee's consent, terminate this subgrant in its entirety.

C. TERMINATION IN THE BEST INTEREST OF THE STATE

This Subgrant may be terminated by the MDHS in whole, or in part, with 15 days' notice whenever MDHS makes the final determination that such termination is in the best interest of the State of Mississippi. Any such determination will be effected by delivery in writing to the Subgrantee of a notice specifying the extent to which the Subgrant is terminated and the date upon which termination becomes effective. Once the Subgrantee has received notice of termination, Subgrantee shall not make further expenditures for the provision of services under the Subgrant.

D. TERMINATION FOR FORCE MAJEURE

If either Party is rendered unable, wholly or in part, by reason of strikes, accidents, acts of God, weather conditions or other acts beyond its control and without its fault or negligence, to comply with its obligations under this Subgrant, then such party shall have the option to terminate this Subgrant, in whole or in part, upon giving written notice to the other Party.

E. PARTIAL TERMINATION

In the event of a partial termination, the Subgrantee shall incur no obligations other than those specifically identified in the agreement or contract governing the partial termination.

F. RIGHTS AND REMEDIES UPON TERMINATION OR SUSPENSION

In the event of termination or suspension as provided in this Section, Subgrantee shall be entitled to receive just and equitable compensation for unreimbursed obligations or expenses that are reasonably and necessarily incurred in the satisfactory performance, as determined by MDHS, of this Agreement, that were incurred before the effective date of suspension or termination, and that are not in anticipation of termination or suspension. Costs of the Subgrantee resulting from obligations incurred by the Subgrantee during a suspension or after termination of this subgrant are not allowable under this Agreement. In no case, however, shall said compensation or payment exceed the total amount of this subgrant as set forth in Section IV. Notwithstanding any provisions of this subgrant, Subgrantee shall be liable to MDHS for damages sustained by MDHS by virtue of any breach of this Agreement by Subgrantee, and MDHS may withhold any payments to Subgrantee for the purpose of set off until such times as the exact amount of damages due to MDHS from Subgrantee are determined.

In case of termination or suspension as provided hereunder, all property, finished or unfinished documents, data, studies, surveys, drawings, photographs, manuals and reports or other materials prepared by or for the Subgrantee under this Agreement shall, at the option of MDHS, become the property of MDHS and shall be disposed of according to MDHS' directives.

The rights and remedies of MDHS provided in this Section shall not be exclusive and are in addition to any other rights and remedies provided by law or in equity.

G. TERMINATION OR SUSPENSION

If the Subgrantee materially fails to comply with any of the covenants, terms or stipulations of this Agreement, whether stated in a federal statute or regulation, an assurance, in the State plan or application, a notice of award, or elsewhere, MDHS may, upon giving written notice to Subgrantee, take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by Subgrantee or more severe enforcement action by MDHS;
2. Disallow (that is, deny both use of funds and, if applicable, matching credit for) all or part of the cost of the activity or action not in compliance;
3. Wholly or partly suspend or terminate the current award for the Subgrantee's program;
4. Withhold further awards for the Subgrantee's program; or
5. Take other remedies that may be legally available.

SECTION VIII COMPLAINT RESOLUTION

Subgrantee assures that persons requesting or receiving services under this Agreement shall have the right to a complaint resolution procedure regarding any decision relating to this Agreement. Said procedures may be under the Fair Hearing Procedure of the Mississippi Department of Human Services, or under a conciliation process, or that required by the MDHS as authorized by the Mississippi Administrative Procedures Law, Mississippi Code Annotated 1972, as amended, Section 25-43-1 et. seq., or under the complaint procedure of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, whichever is appropriate to the complaint as directed by MDHS.

SECTION IX COMPLIANCE WITH LAWS, RULES, AND REGULATIONS

Subgrantee shall comply with all applicable policies and procedures of MDHS and with all applicable laws, rules and regulations of the federal government and of the State of Mississippi that may affect the performance of services under this Agreement. The Subgrantee shall comply with, among other regulations, the Act; the 2012 MDHS Subgrant/Contract Manual, and the applicable Code of Federal Regulations.

If the Subgrantee advertises or prints brochures, flyers or any other material, printed or otherwise, relating to, or promoting, the services which it is providing through this Subgrant, it shall acknowledge that said funding for said Subgrant and for said advertising was provided by MDHS.

In executing this Subgrant, Subgrantee shall comply with all federal and/or state statutes or regulations that are made applicable to the grant when properly promulgated and published by the Federal and/or State Government. It is specifically agreed that should additional federal legislation be enacted, or should the U.S. Department of Health and Human Services or other governing federal agencies enacted new regulations or promulgate changes or amendments in existing regulations which require changes in any provision of their grant, then those provisions of this Subgrant affected thereby shall automatically be amended to conform to such federal statute or regulation as of the effective date of their enactment.

MODIFIED MISSISSIPPI SETTLEMENT AGREEMENT AND REFORM PLAN

INTRODUCTION

This Modified Mississippi Settlement Agreement and Reform Plan (the "Modified Settlement Agreement") shall supersede the Mississippi Settlement Agreement and Reform Plan entered as a Court Order on January 4, 2008 (the "initial Settlement Agreement"). This Modified Settlement Agreement shall resolve all remaining claims in the above-captioned case, *Olivia Y. v. Bryant, et al.* Paragraph 1 of the Stipulated Settlement Agreement approved by the Court on May 17, 2007 is hereby incorporated into this Modified Settlement Agreement.

The United States District Court for the Southern District of Mississippi, Jackson Division, shall have continuing jurisdiction to enforce the terms of this Modified Settlement Agreement and any annual implementation plans required herein.

I. REFORM PLANNING AND IMPLEMENTATION

- A. The intent of this Modified Settlement Agreement is to require Defendants to develop the child welfare infrastructure necessary to meet and sustain statewide the child welfare standards and outcomes mandated in the Modified Settlement Agreement. In order to accomplish this, the Modified Settlement Agreement provides for both a statewide and region-by-region approach to reform. Section II of the Modified Settlement Agreement sets forth the child welfare infrastructure, standards, and outcomes that Defendants must meet within specified timeframes statewide. Section III of the Modified Settlement Agreement sets forth the child welfare infrastructure, standards, and outcomes that Defendants must meet within a phased-in, region-by-region timeframe specified by when those regions implement the Practice Model.
- B. Defendants shall meet the standards and outcome measurements in Sections II and III of this Modified Settlement Agreement by the conclusion of Period 6 or within any earlier interim timelines that are specified herein.
- C. Defendants shall implement the Practice Model developed in conjunction with the Center for the Support of Families ("CSF") on a region-by-region basis in accordance with the schedule incorporated herewith at Appendix "A". Defendants shall continue to

contract with CSF or other similar entity selected by the Defendants and approved by the Court Monitor for technical assistance and oversight of the implementation process until the Practice Model is fully implemented in all 13 DFCS regions pursuant to the Appendix "A" schedule. A region shall be deemed to have fully implemented the Practice Model after the conclusion of a six-month planning period, a 12-month initial implementation period, and a 12-month full implementation period.

- D. For every 12-month period subsequent to the filing of this Modified Settlement Agreement, Defendants shall develop an annual implementation plan with Plaintiffs that sets forth the steps that must be taken in that 12-month period in order to meet that Period's interim benchmarks and make the progress necessary within that Period to achieve overall compliance with the Modified Settlement Agreement. Each annual implementation plan shall be Court enforceable and include specific steps and timelines to achieve compliance with this Modified Settlement Agreement.
- E. The filing of this Modified Settlement Agreement shall constitute the commencement of Implementation Period Three. The third 12-month implementation plan is incorporated herewith at Appendix "B". Each subsequent annual implementation plan shall be developed jointly with the Parties 90 calendar days prior to the end of the previous 12-month period. Each annual implementation plan will be incorporated into this Modified Settlement Agreement.
- F. Defendants shall produce accurate and validated reports as identified in Appendix "C" that reflect county-by-county performance. The reports that are noted as available in Appendix "C" as of the date the Court enters this Modified Settlement Agreement will be produced beginning one month from the date that the Court enters this Modified Settlement Agreement and every 30 days thereafter. Defendants shall begin producing those reports that do not exist as of the date that the Court enters this Modified Settlement Agreement by the dates set forth in Appendix "C". Data reports shall be provided to the Monitor and the Plaintiffs within 30 days of the date the report becomes available and every 30 days thereafter, with the exception of the data report on training of DFCS caseworkers which shall be produced quarterly.
- G. Defendants do not speak for the Mississippi Legislature, which has the power under Mississippi law to determine the appropriations for the State's child welfare programs. However, at least annually after Court approval of this Modified Settlement Agreement, and consistent with existing state budgetary practices and legal requirements, Defendants shall request state funds and any federal/special fund authorization sufficient to effect the provisions and outcome measures set forth in this Modified Settlement Agreement in connection with any budget, funding, or allocation request to the executive or legislative branches of State government. To the extent that it is anticipated that the funding of critical needs shall be met, in whole or in part, by way of federal fund sources, Defendants shall request federal fund authorization in amounts which are determined to be realizable and consistent with regular budgetary needs assessments. Nothing in this paragraph in any way limits Defendants' obligations under this Modified Settlement Agreement.

- H. Such budgetary requests, which shall be provided to the Monitor, shall, among other things, identify for the executive and legislative branches of State government, with sufficient particularity, the known and anticipated costs to the State for the timely implementation of the reforms and outcome measures provided for herein.
- I. Defendants shall maximize available federal funding opportunities.
- J. Nothing in this Modified Settlement Agreement shall be construed as infringing on the authority of the State courts of Mississippi to exercise their jurisdiction over individual class members. Defendants will not be held accountable for the State courts' exercise of such jurisdiction in any individual case, as long as Defendants requested that the State court exercise its jurisdiction consistent with the requirements of the Modified Settlement Agreement in that individual case.

II. REQUIREMENTS TO BE IMPLEMENTED STATEWIDE

Defendants shall meet the following requirements, standards, interim benchmarks, and outcome measures statewide, except with respect to the staffing requirements set forth in Section II.A.2.a.9-12, which shall be measured as required in that section. For those requirements which are required to be met from the time that a region has fully implemented the Practice Model, compliance will not be measured by looking back in time at practice that pre-dates full implementation. For those requirements which are required to be met 12 months after full implementation of the Practice Model, compliance will not be measured by looking back in time at practice that pre-dates the 12 month period following full implementation.

A. Systemic Infrastructure Standards

1. Agency Leadership

The Mississippi Department of Human Services ("MDHS") shall maintain a Deputy Administrator having sole responsibility for the oversight of the Division of Family and Children's Services ("DFCS"). That person shall be qualified by: an advanced degree from an accredited college or university in a field related to the agency's mission and services; five years of related experience at minimum; competence in administering and providing services to individuals, families, and/or children; management skills in addressing human resources and financial matters; and the ability to coordinate the agency's services with other community resources.

2. Human Resources Management

a. Workforce:

1) No DFCS caseworker shall carry a caseload that exceeds the following:

- 15 for dedicated new application licensing workers (counted by home)
- 17 for dedicated in-home protection workers (counted by family)
- 25 for dedicated in-home dependency/prevention workers (counted by family)

• Resource Home Supervision	140	2.0
• Resource Renewal	191	2.8

- 3) The Parties acknowledge that the above time study standards are based on averages and that any individual case may require more or fewer minutes of case-related work per month. The Parties may agree to modify these caseload standards following an evaluation of the impact of Practice Model activities on the time needed for providing services to families.

- 4) Individual caseloads shall be measured monthly.
- 5) Caseworkers shall have access to a supervisor by telephone 24 hours a day.
- 6) No DFCS supervisor shall be directly responsible for directly supervising more than five caseworkers.
- 7) No supervisor shall be assigned primary responsibility for providing direct casework services for any case, except in cases of extenuating circumstances which shall last no more than four (4) weeks and have been approved in writing by the Field Operations Director of DFCS after consultation with the supervisor's Regional Director to ensure the continued proper supervision of the impacted direct service workers.
- 8) Within 90 days following the start of Implementation Period Three, DFCS shall formulate and begin implementing a methodology for producing accurate and validated caseworker and supervisor caseload data reports, if such reports do not currently exist. Data reports shall be produced in each county monthly. Within 120 days of the date this Modified Settlement Agreement is filed, DFCS shall provide the Plaintiffs and the Monitor with county-by-county caseload data on a monthly basis.
- 9) By the end of Implementation Period Three:
 - (a) At least 75% of DFCS caseworkers shall carry a caseload that does not exceed Modified Settlement Agreement caseload requirements. No more than 10% of caseworkers shall carry a caseload exceeding twice the Modified Settlement Agreement caseload requirements. No caseworkers shall carry a caseload exceeding three times the Modified Settlement Agreement caseload requirements. Hancock, Harrison, Hinds, and Jackson Counties (the "Carve Out Counties") are exempt from these requirements during Implementation Period Three.
 - (b) No more than 10% of supervisors who are responsible for supervising DFCS caseworkers shall be responsible for directly supervising more than five caseworkers. Hancock, Harrison, Hinds, and Jackson Counties are exempt from this requirement during Implementation Period Three.
 - (c) Caseworkers shall have access to a supervisor by telephone 24 hours a day.
 - (d) Supervisors will not be assigned primary responsibility for providing direct casework for any cases, unless under the extenuating circumstances exception as described above.

10) By the end of Implementation Period Four:

- (a) At least 85% of DFCS caseworkers shall carry a caseload that does not exceed Modified Settlement Agreement caseload requirements. No more than 5% of caseworkers shall carry a caseload exceeding twice the Modified Settlement Agreement caseload requirements. Hancock, Harrison, Hinds, and Jackson Counties are exempt from these requirements during Implementation Period Four.
- (b) No more than 10% of supervisors who are responsible for supervising DFCS caseworkers shall be responsible for directly supervising more than five caseworkers. Hancock, Harrison, Hinds, and Jackson Counties are exempt from this requirement during Implementation Period Four.

11) By the end of Implementation Period Five:

- (a) At least 80% of DFCS caseworkers in Hancock, Harrison, Hinds, and Jackson Counties shall carry a caseload that does not exceed Modified Settlement Agreement caseload requirements. No more than 15% of caseworkers in Hancock, Harrison, Hinds, and Jackson Counties shall carry a caseload exceeding twice the Modified Settlement Agreement caseload requirements. No caseworkers in Hancock, Harrison, Hinds, and Jackson Counties shall carry a caseload exceeding three times the Modified Settlement Agreement caseload requirements.
- (b) No more than 5% of DFCS caseworkers in a non-Carve Out County shall carry a caseload that exceeds Modified Settlement Agreement caseload requirements.
- (c) No more than 15% of supervisors in Hinds, Hancock, Harrison, and Jackson Counties who are responsible for directly supervising DFCS caseworkers shall be responsible for directly supervising more than five caseworkers.
- (d) No more than 5% of supervisors in a non-Carve Out County who are responsible for supervising DFCS caseworkers shall be responsible for directly supervising more than five caseworkers.

12) By the end of Implementation Period Six:¹

- (a) All counties, including the Carve Out Counties, shall meet the caseload standards set forth in Section II.

¹Because this workforce section establishes requirements for Carve Out and non-Carve Out counties which might give rise to some confusion regarding what must be accomplished in Period Six, those Period Six requirements are explicitly set forth. For all other sections, Period Six requirements are not explicitly stated because Section I requires that by Period Six, Defendants shall be in full compliance with all of the standards and outcome measures of the Modified Settlement Agreement.

b. Worker and Supervisor Qualifications:

- 1) DFCS shall hire only foster care workers who have an advanced degree in social work or a comparable human services field, or a B.A. in social work or a comparable human service field with two years of related experience. Should the related Council on Accreditation ("COA") standards change, the new COA worker qualifications standards will govern.
- 2) DFCS shall hire or promote to the position of caseworker supervisor only persons with an advanced degree in social work or a comparable human service field and two years of experience working with children and families, preferably in foster care. Should the related COA standards change, the new COA caseworker supervisor qualifications standards will govern.

c. Training:

- 1) DFCS shall establish and maintain a Training Unit, headed by a qualified director of training. The Training Unit shall have sufficient staffing, funding, and other resources to assure that it can provide comprehensive child welfare training to enable all caseworkers, supervisors, and other child welfare agency employees to comply with the relevant mandates of this Modified Settlement Agreement, DFCS policy, and reasonable professional standards.
- 2) All new DFCS caseworkers shall receive a minimum of 270 hours of pre-service training, including instructional training and supervised field training, prior to assuming any case responsibilities. Pre-service training provided during an internship with DFCS may be counted towards this 270 hour pre-service training requirement if that training is the same training as that provided to new hires.
- 3) All new caseworker supervisors hired or promoted by Defendants shall receive a minimum of 40 hours of training, directed specifically at the supervision of child welfare caseworkers, prior to being assigned any caseworkers to supervise.
- 4) All caseworkers shall receive a minimum of 40 hours of ongoing in-service training each year, and all supervisors shall receive a minimum of 24 hours of in-service training each year.
- 5) The caseworker pre-service training shall be based on clearly identified learning objectives and culminate in competency-based testing. A caseworker will not be deemed as having completed training unless the caseworker earns a passing grade on the competency-based testing. The curriculum shall be drawn from current research and data.

6) By the end of Implementation Period Three:

- (a) Defendants shall establish and maintain a Training Unit, headed by a qualified director of training, with sufficient staffing and resources to provide or contract for the provision of comprehensive child welfare pre-service and in-service training to all caseworkers and supervisors.
- (b) All new caseworkers and supervisors will complete their pre-service training consistent with the Modified Settlement Agreement requirements before they assume their respective responsibilities for carrying cases and supervising.
- (c) The in-service training curriculum for caseworkers and supervisors will be developed and in-service training will have been initiated.

7) By the end of Implementation Period Four:

- (a) All caseworkers shall receive a minimum of 40 hours of structured ongoing in-service training each year, and all supervisors shall receive a minimum of 24 hours of ongoing in-service training each year.
- (b) Supervisory personnel will not be detailed from the field to provide the required pre-service and in-service training.

d. Contract Agency Requirements:

- 1) Defendants shall implement and maintain a performance-based contracting system to evaluate annually contract agency compliance with the terms of the Modified Settlement Agreement. Defendants shall take reasonable steps to ensure contract agency remediation of any identified deficiencies.

2) By the end of Implementation Period Three:

- (a) All therapeutic resource parents who have one or more foster children residing in the home shall be visited in the home at least once per month by their private agency caseworker. These visits shall be in addition to the monthly home visit conducted by DFCS. Beginning in Implementation Period Three, all contracts executed between Defendants and private agencies that provide services to foster children shall require that the private caseworker (1) share all relevant and legally disclosable information concerning the foster child; (2) evaluate the foster child's safety, needs, and well-being; and (3) monitor service delivery and the achievement of service goals. DFCS shall require that such visits occur, that they are documented in the child's case record, and that remedial action is taken if such visits are not taking place.

(b) Beginning in Implementation Period Three, all contracts executed between Defendants and private agencies that provide protective, preventive, foster care, or adoption case work services shall require the contract agencies to abide by all related terms of the Modified Settlement Agreement, including, but not limited to, provisions regarding training curricula, minimum training hours, and caseload standards, with the exception that contract agency caseworkers shall not be required to undertake the hours of pre-service training required of DFCS caseworkers that pertain to MACWIS instruction and DFCS-specific workplace procedures. The training requirement of the Modified Settlement Agreement shall apply only to contract agency caseworkers and supervisors responsible for making case planning decisions and/or recommendations.

3) By the end of Implementation Period Five:

(a) In the event that private agencies provide protective, preventive, foster care, or adoption case work services under contract with DFCS, DFCS shall require the contract agencies to abide by all related terms of the Modified Settlement Agreement, including, but not limited to, provisions regarding training curricula, minimum training hours, and caseload standards. The training requirements of the Modified Settlement Agreement apply only to contract agency caseworkers and supervisors responsible for making case planning decisions and/or recommendations, and those contract agency caseworkers shall not be required to undertake the hours of pre-service training required of DFCS caseworkers that pertain to MACWIS instruction and DFCS-specific workplace procedures.

3. Continuous Quality Improvement

Defendants shall implement and maintain a separate CQI system that can identify areas of needed improvement and require improvement plans in support of achieving performance targets, program goals, client satisfaction, and positive client outcomes.

4. Legal and Regulatory Compliance

DFCS shall comply with applicable federal, state, and local laws and regulations, including but not limited to, the public child fatality reporting requirements of the Child Abuse Prevention and Treatment And Adoption Reform Act, 42 U.S.C. § 5106a(b)(2)(B)(x).

5. Information Management and Use

a. DFCS shall have a Mississippi Automated Child Welfare Information System (MACWIS) appropriate to its size and complexity that permits (1) timely access to information about persons served by any part of the organization, or by other

practitioners within the organization, to support child safety and continuity of care across settings and services; (2) capturing, tracking, and reporting of financial, compliance, and child welfare information, including federally required AFCARS elements; (3) longitudinal reporting and comparison of performance over time; (4) the use of clear and consistent formats and methods for reporting and disseminating data, including system-wide reports; (5) the collection of data necessary to monitor compliance with the Modified Settlement Agreement; (6) DFCS county staff access to a computerized database of the placement resources currently available for placement statewide; (7) notification to caseworkers when a foster care provider for a child assigned to the worker is under investigation, or that provider's foster care license has expired or been revoked; (8) notification to caseworkers investigating a report of abuse of subsequent reports of abuse concerning the same child or alleged perpetrator; (9) caseworkers to access information on available services statewide; and (10) review of prior (i.e. historical) case documents including Individual Service Plans.

b. Defendants shall take reasonable steps to ensure data integrity and user accountability in MACWIS.

c. By the end of Implementation Period Three:

- 1) DFCS shall provide to all county agency staff with child welfare responsibilities access to basic computer services, consisting of access to MACWIS, word processing, and electronic mail.
- 2) Consistent with the schedule set forth in Appendix "C", data related to compliance with the Modified Settlement Agreement's Foster Care Service Standards will be collected, analyzed, and disseminated at least monthly to DFCS regional and county staff.
- 3) Defendants shall automate the DFCS foster care review instrument to include the foster care review data indicators as listed on Appendix "C". The child's foster care review record shall become part of the child's case file.
- 4) The Director of the Foster Care Review Division of the CQI Unit of DFCS ("FCR Director") shall regularly review the documentation of the foster care reviews to ensure that the foster care reviewers are appropriately utilizing the foster care review protocol. When the FCR Director identifies concerns regarding foster care reviews, DFCS shall remediate the concerns.

d. By the end of Implementation Period Four:

- 1) Defendants' foster care review instrument shall be revised to include reviews of all children placed in therapeutic settings – whether home-based or congregate. The foster care review of therapeutic placements shall include an assessment, reflected in the revised instrument, of whether: (1)

the therapeutic placement is meeting the individual child's needs; (2) any additional services are necessary to ensure that the placement meets the individual child's needs; and (3) the placement is appropriate as a therapeutic placement. If the foster care review identifies any concerns as to the capacity of the placement to provide therapeutic care, such concerns shall be documented and provided to the Regional Director who oversees the county of responsibility for that child. Defendants will develop and begin implementing a protocol for informing private agencies of concerns regarding the capacity of the private agency's placement to provide therapeutic care. Defendants shall ensure that no child remains in a therapeutic placement where a foster care reviewer has identified concerns, unless a remediation plan is being implemented to address those concerns. No new child shall be placed in a therapeutic placement where a foster care reviewer has identified concerns until a remediation plan has been fully implemented and all necessary remediation has occurred.

e. By the end of Implementation Period Five:

- 1) DFCS county staff shall have access to a computerized database of the placement resources available for placement statewide at any given time. The database shall permit staff to determine whether a given placement is suitable for a given child needing placement by allowing access to current caretaker placement information, including capacity limitations, current census, the placement's suitability for children by age, sex, and special needs, and any related licensing and maltreatment investigations information.
- 2) The MACWIS system shall have the necessary controls to decrease the risk of duplication of data and to reduce the risk of incorrect or invalid data. The system shall provide a visible trail to the database administrators of all information entered, added, deleted, or modified, and shall have necessary security to protect data integrity. This system shall be audited at least annually to ensure the accuracy and validity of the data in the system. Necessary actions identified by the MACWIS data accuracy and validity audit to correct MACWIS data errors shall be implemented annually.

6. Financial Management

- a. Defendants shall implement and maintain implementation of the May 2011 recommendations of Hornby Zeller Associates and the Center for Support of Families, as negotiated by the Parties for each Implementation Period.

b. By the end of Implementation Period Three:

- 1) Defendants shall have implemented and shall maintain implementation of the recommendations negotiated and agreed to by the Parties, and filed with the Court by July 14, 2012.

- 2) Funds realized as a result of revenue maximization activities shall not supplant appropriated state funds but shall be used in furtherance of the reforms and outcome measures provided for herein and to improve child welfare services.

c. By the end of Implementation Period Four:

- 1) As necessary, the Parties shall negotiate and agree to the implementation of additional recommendations. If the Parties so agree, Defendants shall have implemented, and shall maintain implementation of, those recommendations.

d. By the end of Implementation Period Five:

- 1) As necessary, the Parties shall negotiate and agree to the implementation of additional recommendations. If the Parties so agree, Defendants shall have implemented, and shall maintain implementation of, those recommendations.

7. Recruitment and Retention of Foster Families and Therapeutic Service Providers

- a. Defendants shall ensure that all licensed resource families (regardless of whether they are supervised directly by DFCS or by private providers) receive at least the minimum reimbursement rate for a given level of service as established pursuant to the Modified Settlement Agreement.
- b. By July 2009, Defendants shall establish and begin to pay to all licensed resource families at least the following basic monthly foster care maintenance payments: for each child ages 0-8, \$555; for each child ages 9-15, \$636; and for each child age 16 and older, \$697. The Parties agree that these rates satisfy the requirements of 42 U.S.C. § 675(4)(A). On July 1, 2013, and every two years thereafter, Defendants shall provide increases in the foster care maintenance payments, based upon the previous year's rate of inflation and discussions with affected resource parent groups and congregate care providers, in order to continue complying with 42 U.S.C. § 675(4)(A).
- c. Defendants shall, within 180 days of the Court's approval of the initial Settlement Agreement, engage a qualified independent consultant to assess board payment rates currently being paid to resource parents caring for special needs foster children and to congregate care facilities to determine the extent to which those rates meet the requirements of 42 U.S.C. § 675(4)(A) and reflect the actual cost of caring for special needs foster children and children placed in congregate care facilities, including the necessary and reasonable costs of facility administration and operation. The selection of the independent consultant shall be subject to approval by the Monitor; said approval shall not be unreasonably withheld.

d. Within a year of Court approval of the initial Settlement Agreement, the consultant shall deliver to the Parties and the Monitor a written report setting forth (1) findings regarding the adequacy of the current schedule of foster care maintenance payments made to foster care providers serving special needs children and facilities providing congregate foster care in relation to the requirements of 42 U.S.C. § 675(4)(A) and the actual cost in the state of Mississippi to provide such care; (2) the methodology utilized to determine the actual costs in the state of Mississippi to provide such care; and (3) a schedule of recommended rates for foster care providers serving special needs children and facilities providing congregate foster care. Plaintiffs shall have 30 days to raise any written objection to the schedule of recommended rates as determined by the consultant. Should Plaintiffs raise objections and should the Parties be unable to reach agreement, the consultant's schedule and Plaintiffs' objection shall be submitted to the Court for final determination.

e. By the end of Implementation Period Three:

1) The rate structure recommended by the consultant for foster care providers to special needs children and for facilities providing congregate care, as agreed upon by the Parties or determined by the Court, shall be fully implemented. Defendants shall determine the funding source for this rate structure.

B. Foster Care Service Standards

1. Child Safety

- a. Defendants shall maintain a well-publicized 24-hour statewide child abuse hotline for the reporting of abuse and/or neglect.
- b. Upon receipt of a report of child maltreatment in a group home, emergency shelter, or private child placing agency resource home, DFCS shall undertake a licensure investigation, that is in addition to, and independent of, any child protective investigation, that shall include an on-site inspection of the facility or home to determine the contract provider's compliance with DFCS licensure standards. If the provider is found to be in violation of licensure standards, it shall have 30 days to submit a Corrective Action Plan (CAP) with timeframes to rectify the violation and comply with the approved CAP and timeframes. If the provider does not comply with the licensure standards based on the approved CAP and timeframes, DFCS shall revoke the license.
- c. All allegations of maltreatment of a child in custody, including corporal punishment, shall be investigated by a caseworker who has received training in the investigation of maltreatment in out-of-home placements and has no ongoing connection to the foster care case.
- d. Within 30 days of the completion of any investigation of maltreatment of a child in custody, as required in Section II.B.1, DFCS shall review the maltreatment

investigation. This review shall include: (1) identification of any case practice deficiencies; (2) identification of any remedial actions necessary to ensure the safety of the child who is the subject of the investigation as well as any other child in the home or placement as well as the timeframe in which such remedial action must take place; and (3) identification of any corrective action that is necessary to address deficiencies in case practice demonstrated by the investigation as well as the timeframe in which such remedial action must take place. DFCS will monitor the initiation and completion of the remedial actions regarding individual child safety and case practice. DFCS shall notify the Area Social Work Supervisor (ASWS), Regional Director, and Director of Field Operations when such remedial actions have not been initiated within five days of identification or timely completed.

e. By the end of Implementation Period Three:

- 1) Defendants shall assure that standardized decision-making criteria are used for prioritizing, screening, and assessing all reports of maltreatment, including corporal punishment, of children in DFCS custody.
- 2) All investigations into reports of maltreatment, including corporal punishment, of children in DFCS custody must be initiated within 24 hours and completed within 30 calendar days, including supervisory approval. Defendants shall assure that such investigations and decisions are based on a full and systematic evaluation of the factors that may place a child in custody at risk.
- 3) Any foster child who remains in the same out-of-home placement following an investigation into a report that he or she was maltreated or subject to corporal punishment in that placement shall be visited by a DFCS caseworker twice a month for three months after the conclusion of the investigation to assure the child's continued safety and well-being.
- 4) When a maltreatment investigation involves a resource home, DFCS shall file a copy of the approved final investigative report, and any recommendations and/or corrective actions DFCS has deemed necessary, in the case record of the foster child, in the file of the foster or adoptive parents with a copy of the letter of notification to the foster or adoptive parents, and in the DFCS State Office. DFCS shall also provide those records to the Youth Court Judge with jurisdiction over the child and to the Monitor.
- 5) When a maltreatment investigation involves an agency group home, emergency shelter, private child placing agency resource home, or other facility licensed by DFCS, a copy of the final investigative report shall be filed in the child's case record, in the DFCS State Office licensing file, and sent to the licensed provider facility. DFCS shall provide the report to the Youth Court Judge with jurisdiction over the child and to the Monitor.

- 6) For investigations of agency group homes, emergency shelters, and private child placing agency resource homes, DFCS shall undertake a separate investigation of the contract provider's compliance with DFCS licensure standards.

2. Child Placement

- a. No foster child shall be placed in a foster care setting (either therapeutic or non-therapeutic) that has not been licensed or approved as meeting DFCS licensure standards, unless the child is placed pursuant to the relative licensing process.
- b. All foster care settings, including relative placements, shall be screened prior to the initial placement of foster children to ensure that children receive safe, sufficient, and appropriate care. Additional screens shall be completed at least once annually thereafter and within two weeks of a reported change in the residents of a resource home. Screens shall include criminal and child welfare background checks of all household members who are at least 14 years old. No foster child shall be placed in a home prior to DFCS receipt of the background check results.
- c. DFCS shall maintain an expedited process for licensing screened relative caregivers to enable a child to be placed quickly with relatives upon entering placement. The licensing process for relatives shall take place in two steps: (1) an emergency process that enables a child to be placed with relatives as soon as the child enters placement, following an initial screen (as described above) of the relative's home, and (2) a full licensing process, to be completed no later than 90 calendar days after the child has entered placement. DFCS may waive non-safety licensing requirements for relative foster placements in individual cases, in accordance with federal regulations. All relative placements approved for expedited placement shall undergo the full licensing procedure within 90 calendar days of the child's placement in the home.
- d. No foster home shall provide care for more than three foster children or for a total of more than five children (including foster, biological, and adoptive children) at any given time. No more than two children in the foster home may be under the age of two or have therapeutic needs. Notwithstanding the above, a sibling group may be placed together in the same foster home in excess of these limits, but only upon written approval by the DFCS Regional Director determining that the foster children can be maintained safely in the foster home.
- e. Children with special needs shall be matched with placement resources that can meet their therapeutic and medical needs. DFCS shall ensure that each county office has access to resource workers within its region who have the ability to ascertain the placement resources available and their suitability for each particular child needing placement.

- f. Each foster child shall be placed in the least restrictive setting that meets his/her individual needs as determined by a review of all intake, screening, assessment, and prior placement information on the child available at the time of placement. In order of consideration, this means placement with relatives; resource home care within reasonable proximity to the child's home community; resource foster home care outside of the child's home community; group home care; or institutional care.
- g. Each child shall be placed within his/her own county or within 50 miles of the home from which he/she was removed. This provision shall not apply if: (1) the child's needs are so exceptional that they cannot be met by a family or facility within his/her own county or within 50 miles of the home from which he/she was removed; (2) the child is placed through the ICPC consistent with its terms; (3) the child is appropriately placed with relatives or another planned permanent resource; (4) the child is ordered to be placed in a child-specific foster care setting by a court; or (5) the child is placed in an adoptive home.
- h. Siblings who enter placement at or near the same time shall be placed together unless: (1) doing so would be harmful to one or more of the siblings; (2) one of the siblings has exceptional needs that can be met only in a specialized program or facility; or (3) the size of the sibling group makes such placement impractical notwithstanding diligent efforts to place the group together. If a sibling group is separated at initial placement, the caseworker shall make immediate efforts to locate or recruit a family in whose home the siblings can be reunited. These efforts will be documented and maintained in the case file.
- i. No later than at the time of placement, Defendants shall provide resource parents or facility staff with the foster child's currently available medical, dental health, educational, and psychological information, including a copy of the child's Medicaid card. Defendants shall gather and provide to resource parents or facility staff all additional current medical, dental health, educational, and psychological information available from the child's service providers within 15 days of placement.
- j. Defendants shall take all reasonable steps to avoid the disruption of an appropriate placement and ensure placement stability for children. If there is a documented indication that a placement may disrupt, the caseworker shall immediately convene a meeting with the DFCS supervisor, the resource parents, and, if appropriate, the child to determine the following: the cause of the potential disruption; whether the placement is appropriate for the child; whether additional services are necessary to support the placement; whether the child needs another placement; and, if another placement is necessary, what that placement should be. If the placement disrupts on an emergency basis, the meeting shall be held no later than five days after the disruption to address whether the child needs additional supportive services and whether the new placement is appropriate.

- k. No foster child shall remain in an emergency or temporary facility for more than 45 calendar days, unless, in exceptional circumstances, the Division Director or Field Operations Director has granted express written approval for the extension that documents the need for the extension.
- l. No child shall spend more than 12 hours at a time in a DFCS office or other non-residential facility that provides intake functions. Defendants shall be exempt from maintaining and producing data reports regarding this requirement.
- m. No child under 10 years of age shall be placed in a congregate care setting (including group homes and shelters) unless the child has exceptional needs that cannot be met in a relative or foster family home or the child is a member of a sibling group, and the Regional Director has granted express written approval for the congregate-care placement. Such approval shall be based on the Regional Director's written determination that the child's needs cannot be met in a less restrictive setting and can be met in that specific facility, including a description of the services available in the facility to address the individual child's needs. Sibling groups in which one or more of the siblings are under the age of 10 shall not be placed in congregate care settings for more than 45 days.
- n. No foster child shall be moved from his/her existing placement to another foster placement unless DFCS specifically documents in the child's case record justifications for that move and the move is approved by a DFCS supervisor.
- o. No child shall be placed in more than one emergency or temporary facility within one episode of foster care, unless an immediate placement move is necessary to protect the safety of the child or of others as certified in writing by the Regional Director.
- p. By the end of Implementation Period Three:
 - 1) All foster care settings, including relative placements, shall be screened prior to the initial placement of foster children in accordance with this Modified Settlement Agreement.
 - 2) No foster child shall be placed or remain in a foster care setting that does not meet DFCS licensure standards consistent with Modified Settlement Agreement requirements, unless so ordered by the Youth Court over DFCS objection.
 - 3) Within 120 days of the start of Implementation Period 3, Defendants shall develop and implement an expedited process for licensing screened relative caregivers to enable a child to be placed quickly with relatives upon entering placement.
 - 4) All unlicensed placements in which foster children are residing as of the date the Court approves this Modified Settlement Agreement that meet the requirements of the licensure process shall be licensed. All children who

have been living in any of those unlicensed placements that do not meet the requirements of the licensure process shall have been moved into licensed and appropriate resource home placements, unless the Youth Court orders that the child not be moved.

- 5) All placements approved for relative placement after the date the Court enters this Modified Settlement Agreement shall undergo the full licensing procedure within 90 days of a child's placement.
- 6) No more than 40 children under 10 years of age shall be placed in a congregate care setting (including group homes and shelters) unless the child has exceptional needs that cannot be met in a relative or foster family home or the child is a member of a sibling group, and the Regional Director has granted express written approval for the congregate-care placement.
- 7) No more than 180 children shall be placed in more than one emergency or temporary facility within one episode of foster care, unless an immediate placement move is necessary to protect the safety of the child or of others as certified in writing by the Regional Director.
- 8) No foster child shall remain in an emergency or temporary facility for more than 45 calendar days, unless, in exceptional circumstances, the Field Operations Director has granted express written approval for the extension that documents the need for the extension.
- 9) No child shall spend more than 12 hours at a time in a DFCS office or other non-residential facility that provides intake functions. Defendants shall be exempt from maintaining and producing data reports regarding this requirement.
- 10) No more than 30% of resource homes shall provide care to a number of children in excess of the Modified Settlement Agreement resource home population limitations.
- 11) At least 60% of children with special needs shall be matched with placement resources that can meet their therapeutic and medical needs.

- 13) At least 80% of siblings who entered DFCS custody at or near the same time shall be placed together consistent with Modified Settlement Agreement requirements.
- 14) At least 40% of children in DFCS custody placed in a new placement during the Period shall have their currently available medical, dental, educational, and psychological information provided to their resource

parents or facility staff no later than at the time of any new placement during the Period.

15) At least 35% of children in DFCS custody with a documented indication that they were to be subject to a potential or actual placement disruption during the Period shall receive a meeting to address placement stability consistent with Modified Settlement Agreement requirements.

16) At least 85% of children who entered DFCS custody shall be placed within his/her own county or within 50 miles of the home from which he/she was removed unless one of the exceptions provided in the Modified Settlement Agreement is documented as applying.

q. By the end of Implementation Period Four:

2) No child under 10 years of age shall be placed in a congregate care setting (including group homes and shelters) unless the child has exceptional needs that cannot be met in a relative or foster family home or the child is a member of a sibling group, and the Regional Director has granted express written approval for the congregate-care placement.

3) No child shall be placed in more than one emergency or temporary facility within one episode of foster care, unless an immediate placement move is necessary to protect the safety of the child or of others as certified in writing by the Regional Director.

6. Permanency

a. Permanency Roundtables

- 1) Defendants shall implement a permanency roundtable process to target a population of children as indicated below with the goal of moving these children toward permanency. - 2) Permanency roundtables shall be conducted by a permanency roundtable team consisting of a master practitioner and/or permanency consultant, a scribe, a neutral facilitator, the caseworker, and the supervisor. Prior to conducting any roundtables, the participating DFCS staff, court personnel, and community stakeholders shall be trained on the roundtable process.

- 3) Once there are fewer than ten children in an implementing region who have been in custody 36 months or longer and who meet the roundtable requirements, the implementing region shall begin holding roundtable sessions for those children in custody 24 months or longer who have not achieved legal permanence.
- 4) Defendants shall have implemented permanency roundtables statewide and every region that began the permanency roundtable process before Period 5 shall have held at least two rounds of permanency roundtables in addition to engaging in permanency follow-up activities.

Children in custody with the primary permanency goal of adoption shall have an assigned adoption specialist and an adoption plan that identifies the child-specific activities that Defendants will undertake to achieve adoption and the timeframes in which the activities will be undertaken. The adoption specialist shall be responsible for consulting with private and public professionals and identifying and ensuring the provision of targeted services necessary for the child to be adopted. An adoption status meeting with the DFCS caseworker, the adoption specialist, and the caseworker's direct supervisor to review the progress being made in achieving the goal of adoption shall occur weekly for infants and monthly for all other children awaiting adoption, and shall be noted in the child's case record.

III. REQUIREMENTS TO BE IMPLEMENTED REGION-BY-REGION:

Defendants shall meet the following requirements, standards, interim benchmarks, and outcome measures on a region-by-region basis as regions implement the Practice Model and in accordance with the timeframes set forth below and in Appendix "A". For those requirements which are required to be met from the time that a region has fully implemented the Practice Model, compliance will not be measured by looking back in time at practice that pre-dates full implementation. For those requirements which are required to be met 12 months after full implementation of the Practice Model, compliance will not be measured by looking back in time at practice that pre-dates the 12 month period following full implementation. After all thirteen regions have fully implemented the practice model, all standards, benchmarks, and outcome measures in this Modified Settlement Agreement shall be measured and required statewide and shall no longer be measured on a region-by-region basis.

- 5) If DFCS concludes, after considering reunification, adoption, durable legal custody, and permanent placement with a relative, that these permanency plans are inappropriate or unavailable for a child, DFCS may assign a permanency goal of Another Permanent Planned Living Arrangement (APPLA) for the child. In such circumstances, (1) the child must be at least 16 years old and (2) DFCS must document to the Youth Court a compelling reason why this permanency goal is in the best interest of the child and more appropriate than reunification, adoption, durable legal custody, or permanent placement with a relative.

Those efforts shall be documented in the child's case record.
- f. Beginning by 12 months following the date set forth in Appendix "A" that a DFCS region has fully implemented the Practice Model:
- 1) At least 95% of foster children in that region who are 14-20 years old shall be provided with Independent Living services as set forth in their service plan during the Period.
 - 2) At least 90% of foster children in that region who are transitioning to independence shall have available an adequate living arrangement, a source of income, health care, independent living stipends, and education and training vouchers. DFCS shall assist such children in obtaining, prior to transitioning to independent living, the necessary documents and information identified in the COA standard PA-FC 13.06 for emancipating youth. Those efforts shall be documented in the child's case record.
- g. As of the date upon which the last region has fully implemented the Practice Model, performance on these independent living services requirements shall be measured and required state-wide and shall no longer be measured on a region-by-region basis.

8. Case Closing and Aftercare

- a. A recommendation to return a child to his/her home or to place the child in the custody of a relative shall be made at a meeting attended by the child's DFCS caseworker and the caseworker's supervisor. Defendants shall invite the worker from the private agency if the child is placed with a private agency, the resource parents (unless DFCS determines that the resource parents' attendance would be inappropriate), the parents or the relative assuming custody, and the child. An after-care plan shall be developed that identifies all of the services necessary to ensure that the conditions leading to the child's placement in foster care have been addressed, and that the child's safety and stability will be assured. DFCS shall take reasonable steps to provide or facilitate access to all services necessary to support the child during the trial home visit.
- b. For each child who has a permanency goal of reunification and who is in fact placed in the home for the purpose of reunification, DFCS shall provide, subject to the approval of the Youth Court, such child with a 90-day trial home visit, unless that child had been in custody for less than 90 days. During any trial home visit period, a DFCS caseworker shall meet with the child in the home at least two times per month, and each meeting shall occur without the parent or caretaker present.
- c. Before the end of any trial home visit period, there shall be a final family team meeting, which shall include the child's caseworker, the caseworker's supervisor, the child, and the parent or relative assuming custody, to determine the appropriateness of a final discharge. If final discharge is determined to be appropriate, DFCS shall make the appropriate application to the court to be relieved of custody.
- d. Beginning by the date set forth in Appendix "A" that a DFCS region has fully implemented the Practice Model:
 - 1) At least 70% of foster children in that region who are reunified and who were in custody longer than 90 days shall receive a 90-day trial home visit period or have case record documentation reflecting the Youth Court's objection to such a trial home visit. During that trial home visit period, the child's caseworker or a Family Preservation caseworker shall meet with the child in the home at least two times per month, and DFCS shall provide or facilitate access to all services identified in the child's after-care plan, consistent with Modified Settlement Agreement requirements.
- e. Beginning by 12 months following the date set forth in Appendix "A" that a DFCS region has fully implemented the Practice Model:
 - 1) At least 90% of foster children in that region who are reunified and who were in custody longer than 90 days shall receive a 90-day trial home visit period or have case record documentation reflecting the Youth Court's

objection to such a trial home visit. During that trial home visit period, the child's caseworker shall meet with the child in the home at least two times per month, and DFCS shall provide or facilitate access to all services identified in the child's after-care plan, consistent with Modified Settlement Agreement requirements.

- f. As of the date upon which the last region has fully implemented the Practice Model, performance on these case closing and aftercare requirements shall be measured and required state-wide and shall no longer be measured on a region-by-region basis.

C. Outcome Measures

The following child welfare outcome measures shall be met and shall be measured annually:

- b. Beginning by 12 months following the date set forth in Appendix "A" that a DFCS region has fully implemented the Practice Model:

- 1) At least 70% of foster children in that region who are discharged from custody and reunified with their parents or caretakers shall be reunified within 12 months of the latest removal from home.

- c. Beginning by 12 months after the date by which the last region has fully implemented the Practice Model:

- 1) At least 76.2% of foster children state-wide who are discharged from custody and reunified with their parents or caretakers shall have been reunified within 12 months of the latest removal from home.

2. Time to Adoption Finalization

At least 32% of children state-wide who were discharged in the last year upon the finalization of an adoption shall have had the adoption finalized within 24 months of the latest removal from home.

IV. COA ACCREDITATION

DFCS's foster care services shall be accredited by COA pursuant to COA's relevant management and service standards.

V. NAMED PLAINTIFFS

Each Agreement on Services and Plans for Named Plaintiffs entered into by the Parties pursuant to Section 4.G of the Stipulated Settlement Agreement approved by the Court on May 17, 2007 is hereby incorporated as enforceable provisions of this Modified Settlement Agreement.

VI. MONITORING

- A. The Parties agree that Grace Lopes shall be the Monitor of Defendants' compliance with this Modified Settlement Agreement and the annual implementation plans. Defendants shall provide the Monitor with the necessary resources to perform its duties.
- B. The Monitor's duties shall be to confirm independently the data reports and statistics provided pursuant to this Modified Settlement Agreement and the annual implementation plans; conduct independent case record and qualitative reviews; review all plans and documents to be developed and produced by Defendants pursuant to this Modified Settlement Agreement; and report on Defendants' compliance in implementing the terms of the Modified Settlement Agreement and the annual implementation plans, and the achievement of the improved outcomes set forth therein. The Monitor shall provide the Court and the Parties with a telephonic status report on Defendants' implementation efforts no less frequently than every 90 days, and shall prepare reports that will address

those efforts and be released periodically, but no less than every six months unless the Parties and the Monitor agree otherwise. Each such report shall be presented to the Court at a Status conference no less frequently than every six months. In order to avoid duplication and to build capacity within the Agency, the Monitor will look first to Defendants' data and data analysis. Accordingly, Defendants shall provide the Monitor with access to all data reports produced in the regular course of business respecting topics covered by this Modified Settlement Agreement and the annual implementation plans. Notwithstanding the existence of Defendants' data, data analysis, and reports, however, the Monitor shall have the authority to prepare new reports on all topics covered by both this Modified Settlement Agreement and the annual implementation plans, to the extent the Monitor deems necessary.

- C. Defendants agree to provide the Monitor with free and, upon request, private access to all individuals within DFCS and persons within the Executive Branch, as the Monitor chooses; to assist the Monitor in gaining access to other stakeholders in the child welfare system (including but not limited to the staff of contract providers); and to provide the Monitor with free access to all documents, data, and premises it deems relevant to its work (including but not limited to documents and data from contract agencies and courts). The Monitor agrees to respect the confidentiality of all information related to individually identifiable clients, subject to applicable law. Defendants shall take no adverse action against individuals or agencies because they shared information with the Monitor pursuant to this Modified Settlement Agreement.
- D. The reports of the Monitor shall be public documents filed with the Court, except that any individually identifying information and any other confidential information protected from disclosure by law shall be redacted or otherwise removed from any public report. The Monitor shall provide copies of each of its reports to all named Defendants as well as to the heads of the State House and Senate Committees on Appropriations and Public Health. Any such information received by the Monitor, unless already public, shall not be made public without Defendants' prior written permission, except as incorporated into a public report of the Monitor.
- E. The Parties shall have access, through the Monitor, to all information made available to the Monitor, and to all other information related to ensuring compliance with and enforcing this Modified Settlement Agreement and the annual implementation plans, subject to the existing confidentiality order in effect in this case. The Monitor may protect the identity of confidential sources of any such information.
- F. The Parties may request that the Monitor review and issue recommendations regarding the provision of services to the Named Plaintiffs in this case.
- G. The intent of the Parties is that the Monitor shall develop a plan to transfer the primary monitoring function to DFCS's CQI unit upon the termination of this Modified Settlement Agreement, or at such earlier time as provided for in Section VII.C below. The Monitor shall work in collaboration with Defendants to build DFCS's CQI capacity.

- H. The Monitor may periodically meet privately with the Court concerning issues related to this case, provided the Parties are made aware of the occurrence of such a meeting.
- I. If at any point the Monitor can no longer serve, the Parties shall agree on another Monitor, with input and recommendations from the outgoing Monitor.

VII. DISPUTE RESOLUTION, TERMINATION, AND EXIT

- A. The Defendants shall implement all reforms necessary to effectuate this Modified Settlement Agreement and the annual implementation plans. The Parties agree that the systemic and comprehensive nature of this Modified Settlement Agreement will require implementation and refinement of policies and programs over a number of years. The Parties shall make every reasonable effort to resolve disputes prior to seeking Court intervention. Plaintiffs agree not to seek relief for isolated or minor violations, or for violations related solely to an individual child, unless that child is a Named Plaintiff.
- B. If Plaintiffs believe that Defendants have failed to comply with any obligation under this Modified Settlement Agreement or an annual implementation plan, Plaintiffs will, prior to seeking judicial action to enforce the terms of this Modified Settlement Agreement or an annual implementation plan, give written notice of non-compliance to the State. Within 30 calendar days of Plaintiffs' notice of non-compliance, Defendants shall submit a written response to Plaintiffs. Plaintiffs agree to work in good faith with the State to agree on necessary corrective actions and avoid enforcement action, and may not initiate court action for 60 days from the date of Plaintiffs' non-compliance notice. However, in case of an emergency posing an immediate threat to the health or safety of youths, Plaintiffs may omit the notice and cure requirements herein before seeking judicial action.
- C. The Court may terminate jurisdiction over this lawsuit if it finds that Defendants are in substantial compliance with the provisions of this Modified Settlement Agreement state-wide for two consecutive six-month reporting periods.
 - 1. No sooner than the full implementation of the Practice Model, the Monitor shall transfer to Defendants' CQI system monitoring of all the Modified Settlement Agreement provisions under the following headings or subheadings for which Defendants have sustained state-wide compliance for at least six months on all such provisions (as reflected in monitoring report data) and where the Monitor has determined that Defendants' CQI system is adequately monitoring the Modified Settlement Agreement provisions: II.A.1, II.A.2.a, II.A.2.b, II.A.2.c, II.A.2.d, II.A.3, II.A.4, II.A.5, II.A.6, II.A.7, II.B.1, II.B.2, II.B.3, II.B.4, II.B.5, II.B.6, II.B.7, II.C.1, II.C.2, III.A.1, III.A.2, III.B.1, III.B.2, III.B.3.a, III.B.3.b, III.B.3.c, III.B.3.d, III.B.3.e, III.B.4, III.B.5, III.B.6, III.B.7, III.B.8, III.C.1, III.C.2. The reports of the Monitor shall identify the provisions, if any, that are to be transferred to Defendants' CQI system for the subsequent monitoring period. Plaintiffs reserve the right to object to the transfer of the monitoring of a provision to Defendants' CQI system.
 - 2. Once Defendants' CQI system is responsible for the transferred monitoring of any Modified Settlement Agreement provisions, and as long as the Court retains

jurisdiction, Defendants' CQI system shall issue public monitoring reports every six months on Defendants' compliance levels with any such provisions.

3. While Defendants shall make a good faith effort to maintain compliance with a provision transferred to its CQI system, a drop in compliance levels after the transfer of the monitoring of a Modified Settlement Agreement provision shall not be, by itself, grounds for a Motion to enforce the Modified Settlement Agreement to hold Defendants in contempt, or to bar future expiration of the Modified Settlement Agreement. Notwithstanding the above, Plaintiffs are not precluded from seeking to enforce transferred provisions as remedial measures in connection with Motions to enforce provisions that have not been transferred.
- D.** Defendants may seek a court-ordered modification of any provision of this Modified Settlement Agreement pursuant to Rule 60(b) of the Federal Rules of Civil Procedure if significant changes in factual conditions, beyond Defendants' control and not contemplated by the Parties at the time the Modified Settlement Agreement was entered into, make the provision unworkable, make compliance substantially more onerous, or make enforcement detrimental to the public interest, and the changed circumstance occurred despite Defendants' reasonable effort to comply with the Modified Settlement Agreement.
- E.** All parties reserve all claims and defenses with respect to all claims for an award of attorneys' fees and litigation expenses for Plaintiffs, which claims shall be separately asserted and determined according to a schedule to be fixed by the Court.
